

My Biopharmacy Online

Congratulations on your interest in BioPharma Scientific's **My BioPharmacy Online Fulfillment Services!**

Enjoying the many benefits of BioPharma products is a life-long wellness habit. Just because your patients no longer visit you regularly is not reason for them, or you, to stop profiting from the daily super phyto and zoo-nutrition. Remember, BioPharma products are not available from stores. So why not make sure your patients who no longer visit you regularly can have BioPharma products delivered straight to their door through your **MyBioPharmacy.com** for the rest of their lives?

My BioPharmacy Online can also allow you and your staff to spend more time doing what you do best - taking care of patients - and eliminate the time investments and costs of inventory, shipping, and related tasks associated with providing nutritional products to patients at your office.

Either way, your personalized **My BioPharmacy Online** provides fulfillment and management services which enable you to better serve your patients' life-long health needs. The online storefront for patients allows them the convenience of direct access to BioPharma's professional quality products. Your **MyBioPharmacy.com** also offers the ultimate in convenience with **auto-ship**. And your autoship clients also receive 4 Single Serving Travel Packets FREE with every can!

As a healthcare provider who chooses to take advantage of **My BioPharmacy Online** fulfillment services you receive:

- A personalized **MyBioPharmacy.com** website with retail shopping cart.
- Unlimited inventory on consignment.
- Drop-ship/Auto-ship fulfillment services.
- A toll-free patient/client ordering service.
- A merchant banking account.
- Collection management service.
- Email notification of sales.
- A password protected web page for Administration & Tracking.

BioPharma Scientific will receive and process your patient's order, collect payment, and drop ship the order directly to patients who order via this health professional only subscriber program. Your patients can order from your personalized My BioPharmacy website in two ways:

- 1) **Online** via your personalized **MyBioPharmacy.com** website
- 2) **Toll-free** at 1-888-236-2504 by supplying your four digit Health Professional ID Code with their order.

To see a **demo** My Biopharmacy subscription site, see <http://www.mybiopharmacy.com/a/1025>

One time Charter Lifetime Management Fee is \$195. (Charter Membership enrollment availability can be closed at any time, after which annual fees may be required of subsequent new subscribers.)

Included with your subscription is a **My BioPharmacy Promotional Kit** which includes:

- More than **\$275 retail value** in products and materials, including:
- 2 canisters each of NanoGreens¹⁰⁰ and NanoProPRP
- 24 full serving Travel Packet s (12 of each)
- 24 Patient Brochures (12 of each)
- 1 Shaker Cup
- Patient Brochure Counter Display
- Health Professional Desk Reference
- Simple in office "turn key" promotional tools

You can receive your MyBioPharmacy.com website FREE with the purchase of \$500 in qualified wholesale products! ! (When FREE "MyBioPharmacy.com" web sites are earned or gifted, the 4 free cans of BioPharma products are NOT included in the MBP promotional kit.)

BioPharma calculates the total fees charged to healthcare providers on a per unit basis. This total is the sum of the cost of goods sold, shipping charges, and management fees. As future products are released, the retail prices, cost of goods sold, shipping charges, sales taxes, if any, and management service fees will be posted on the BioPharma website.

Fee per unit of NanoGreens10:

NanoGreens10	\$49.95	Retail value
Management Fee	- <u>\$37.46</u>	Product cost & shipping & handling
	\$12.49	Net Collections to you

For My BioPharmacy sites with sales over \$1000 a month the fees are as follows per unit:

NanoGreens10	\$49.95	Retail value
Management Fee	- <u>\$34.97</u>	Product cost & shipping & handling
	\$14.98	Net Collections to you (sales tax may apply to retail value)

Fee per unit of NanoProPRP:

NanoProPRP	\$39.95	Retail value
Management Fee	- <u>\$29.96</u>	Product cost & shipping & handling
	\$9.99	Net Collections to you

For My BioPharmacy sites with sales over \$1000 a month the fees are as follows per unit:

NanoProPRP	\$39.95	Retail value
Management Fee	- <u>\$27.98</u>	Product cost & shipping & handling
	\$11.97	Net Collections to you (sales tax may apply to retail value)

In the NanoGreens[®] example above, after the payment of costs related to the product, the Net Collections balance of \$12.49 would accrue to you, unless the monthly gross from your MyBioPharmacy was over \$1000 in which case you would accrue \$14.98. Payment of Net Collections will be forwarded within 10 business days of the end of the month in which the sales occurred. Net collection amounts smaller than \$49.00 will accrue until the aggregate amount equals or exceeds \$49.00.

Costs from any returns/refunds will be proportionately subtracted from your subsequent Net Collections. If cost of returns exceeds the Net Collections in your account after 60 days from return/refund, BioPharma Scientific will bill you directly for any negative balance. Reimbursements are due within 10 business days.

Sites without sales accrue no fee.
